PARIMAK94@GMAIL.COM
PORTFOLIO: PARIMAK.COM

QUALIFICATIONS AND ABILITIES

Self-motivated individual looking for full-time employment as a Unity game developer, and/or 2D/3D animator, storyboard artist, illustrator, 3d modeler or music composer. Two years extensive experience in C# programming, artistic specialty in character-focused art and animation, and has a strong willingness to learn and try new things in the media field. Full fluency in Unity, Adobe Animate, 3DSMax 2019, and Autodesk Maya, with additional knowledge and experience in Toon Boom Harmony, Adobe Photoshop, Blender, After Effects, Premiere Pro, and more. Experienced musician and voice actor with sound design and music composing experience in Presonus Studio One and various musical software.

RELEVANT EXPERIENCE

PARIMAK WORKS (Freelance)

Self Employed, Tulsa, OK / August 2013 - Present

- Design and draw art pieces or graphic design works from the ground-up according to specifications and deliver to clients in a timely manner.
- Work and collaborate with the client to strategize and conceptualize the optimal presentations for the work at hand to reflect quality and excellence.
- Constantly manage and update personal projects with a sizeable online following, regularly deliver artwork/content and manage social media to sustain relevance and connection to a community.
- Regularly illustrate art piece commissions and 3d model commissions from fans, and keep rallied fans and community regularly updated with game updates via Patreon.
